

Art and Science Camp

Good Shepherd Episcopal School

Summer Camp 2010

June 21, 22, 23, 24

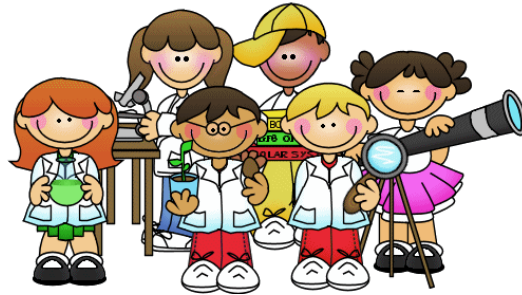

ages 4 - 9

Ever wonder if your child has hidden talent? Do they love to paint, draw and make things out of different items? Come and join us at Good Shepherd School for a morning of discovery through the world of **ART**.

Children are natural born scientist. They learn about their world through exploration and experimentation. They make hypothesis, test them out, get results and make decisions based on the findings. Join us for an afternoon of **SCIENCE** here at Good Shepherd School as we discover the magic.

Art Camp

Science
